Case no. C19-1813 RSL

Amended Complaint

I, Annette Cadet pro se plaintiff, on May 3, 2018 AT 2-2:30 Am, was Harassed, Abused, Assaulted and Injured by the Defendants: Francisco S Zepeda, George Davis and Kevin H Johnson inside the Snoqualmie Casino in front of Casino staff and players by the main entrance door.
(Videotaped by Casino Camera footage video)

It is hard to identify which Officer did what because they did not tell me their names. But I knew that the front Officer was the most aggressive toward me. He violated my international human rights and he acted like he did not care at all. In this case the video is my voice and my witness. Everything that had happened to me and the inhuman treatments by the Police is videotaped "no lie."

Violation of my human and Constitutional rights

① NO torture Article 5 human right :

One officer grabbed my arm started twisting it as hard as he could; causing extreme pain (See video for proof)

② He dropped me on the floor ...
Another police officer knelt on top of me pressing me down, hurted my abdomen causing so much pain because I have uterine tumor He almost Choked me. It was hard to breathe
(See Casino Video camera footage)

③ They hit the left side of my head to the floor Caused me left lip cut and nose bleeds. They called para-medics when they blood on floor.

④ Discriminated against : I believed that If I were from another race or even an animal those three police officers would not have to abused and tortured me. Because I was sitting at the Casino waiting for transportation. I asked them for a ride to get out. I was not doing any illegal activities "I am not a criminal". I was transported to the Casino by the Casino private bus and at 2 Am they want out without transportation. I paid to go there and return to Seattle. They refused to give me a Courtesy ride When a White lady I was 20 feet away from pointed at me. The Casino security called the police; When the police came I asked for a Courtesy ride. The front police said that Seattle is too

far for them to drive me. I said I am scared to get out in the bushes and highway of Snoqualmie by myself, the Casino was my transportation and I show them proof of payment and return. They said that it does not matter get out. I am a female. It is 230 in the morning. I did not know where to start walk in, I was terrify for my safety, my life and I was scared of being raped. Everytime I think or talk about how the police intimidated and humiliated me infront of the Casino staff and the players, I felt really sick and want to vomit... I keep thinking the policemen could have kill me just for needed public transportation.

⑤ - Privacy right 4th Amendment. I was told that they did have the right my property.
 + Police officers opened my purse to find my wallet and get my driver license without my permission. "I hated it so much when men abused and assault women..."
 Note: I did not file a complaint because I was hopeless.

I was not aware of a pre-filing notice of my Claim required by RCW.

English is not my language. I don't have family here. I have the help of public libraries limited legal advice from community services. But all are closed because of the "Covid 19".
 "Corona Virus" Started May 13, 2020. I do not have Courts forms and writing materials. to go head with my case and serve parties.

After I was abused, assaulted and tortured by Zepeda, Davis and Johnson Defendants three police officers of King County, WA. Those men had the courage to lie so much about the degrading inhuman treatments I received from them and they could not drive to Seattle to be safe but they drove me to prison for the first of my life to get more horrible treatments from jail officers. It broke my heart. I hated it so much when men use the power to abuse. They assaulted me and accused me of assaulting them. They put me to jail. They violated my rights. They caused me tremendous pain physically, emotionally and mentally. I am still fighting with depression because my job canceled me for background check one month after the police accusations. I could not renew my nurse assistant certificate because background check came back not clear - pending.

I am searching for justice. I ^{am} suing for compensation to medical care because I cannot do what I use to do before the police assaulted me. Francisco S Zepeda, George Davis and Kevin H Johnson injured my right shoulder, my left arm, my knee and hit my head ~~that~~ caused me to lose conscious (passed out 4 times) head injury. I need help because I am still in pain. I need MRI, Physical therapy and mental health counseling. "I hated when men abused women and you cannot hurt them back." I feel ashamed. (very bad)

I, Annette Cadet, believe that: Francisco S
zepeda, George Davis and Kevin H Johnson
Should be responsible for all the pain and
Suffering they had caused me for two years.
I am still in pain whenever I use my hands to
lift, to push or pull something with weight.
